About Us

Kabowa Dream Team Association Limited is a community-based sports organization situated in Kabowa, Rubaga Division. The organization is a not-for-profit entity that was incorporated on October 22, 2021, as a company limited by guarantee. The organization uses sports to create harmony and a supportive community.

The organization strives to bring together the Kabowa community through value-adding sports and health activities targeting all age groups in a bid to improve the well-being of the community. The activities involve football and futsal targeting young girls and boys, athletics, and fitness sessions targeting all age groups. Through sports, the organization provides education opportunities to children most especially orphans, needy children, destitute children, and children from financially unstable families by offering them full and half bursaries in the schools we have partnered with.

Our flagship team is the Kabowa Dream Team (KDT), a team of young and talented boys playing in the Uganda Futsal Super League organized by the Futsal Association of Uganda (FAU). The Futsal Association Uganda is an affiliate member of FUFA mandated to develop, promote, and protect the Futsal game in Uganda. KDT has been participating in the Futsal Super League since 2021 and has been at the forefront of promoting the game in the Country. The team has also participated in all other tournaments organized by FAU such as the Futsal Uganda Cup. In 2024, the team emerged 8th in the Futsal Super League and reached the semi-finals of the Futsal Uganda Cup.

What we do

Sports

- Support sports development pathways from grassroots to academy level and beyond.
- Develop youth talents into professional setups in the Country.
- Identify talent, develop it, and help young players fulfill their potential.
- Provide a place where children can develop and learn to play in a fun and supportive environment.
- Set a benchmark for standards of sports administration in the Country.

Education

- Advocate for people with disabilities particularly where their rights have been infringed; develop education programs and support services for people with disabilities to ensure equality within the community.
- Provide education opportunities to children most especially orphans, needy children, destitute children, and children from financially unstable families by offering them full and half bursaries.

Health

- Galvanize a healthy living community using sports.
- Offer innovative and exciting programs to use sports as a tool to motivate and inspire individuals and the community to improve health and a feeling of well being.
- Create awareness of proper hygiene and sanitation practices.

Social empowerment

- Provide a positive environment to allow our players to develop skills they can use beyond sports to handle life challenges.
- Mobilize the community into skills development to boost job creation opportunities.
- Pass on up-to-date knowledge, skills, and competencies on evaluation of government projects, policies, and programs for efficient delivery of expected results.
- Develop the habit of acquiring skills and advise the youth to eschew laziness and all forms of negative practices that could hamper their future by encouraging them to embrace the training programs to avoid begging on the streets and marketplaces.
- Foster primary education by ensuring equal opportunities for children with HIV/AIDS irrespective of race, age, gender, sexual orientation, class, ethnicity, disability, location and religion.
- Assist persons in our community to build a sustainable community.
